

# ENGAGEMENT PARTY ESSENTIALS

Becoming engaged is one of the happiest moments of your life - it's time to celebrate!

I know it can be a bit daunting trying to organise your engagement party, but I'm here to help.

As a professional photographer, I've gone to my fair share of these events - so here are some essentials that will help you to celebrate in style.

## 1 BRING ON THE CHAMPAGNE

What better way is there to celebrate than with a nice glass of bubbly with your friends and family? Just be sure to stock up on it, you don't want to have to do a mid-party bottle shop run.

## 2 A TABLE FOR THE PRESENTS

It's customary for guests to bring gifts to celebrate your engagement. So, you'll need somewhere to put them. Any table with a nice cloth over it will do very nicely.

## 3 GREAT MUSIC

Wonderful music is perfect for setting the celebratory mood. Have it as a subtle background or as a lure for the dancefloor - whatever works best for you!

## 4 DELICIOUS NIBBLES

Fueling up the party goers is a must. It doesn't have to be much - a nice plate of canapes can go a long way. Another great idea? An engagement cake!

## 5 CAPTURE THE MOMENT

For such a special moment like this, it's nice to have quality, everlasting mementos. A professional photographer can give you a keepsake you can cherish forever.

## 6 THANK YOU NOTES/BAGS

When the party's drawing to a close, a thank you note will let the people who matter most to you know how happy you are to have shared this moment with them. It also gives you a chance to thank them for their gift.

With these 6 engagement party essentials, you'll help to ensure that your celebration is as memorable as it can be.
